

To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Alyson Murphy. I have had the privilege of working with Alyson through her involvement in educational programming at Lake Houston Wilderness Park, and I can confidently say she is an excellent candidate for any position she applies for.

Alyson first joined my team as a teenager, volunteering with our archery programs. From the very beginning, she demonstrated a level of responsibility and confidence. She has worked with participants of all ages, primarily children ages 5–14, and consistently creates a safe, encouraging, and structured environment. Her calm demeanor helps children feel comfortable and they respond to her with enthusiasm and respect.

Over time, Alyson expanded her role to assist with field trips, educational programming, and art activities during our major community events. She approaches every task with a positive attitude and a genuine willingness to learn. What has always stood out most to me is her “can-do” spirit, she never hesitates to step in where needed and is always eager to grow her skills. Her flexibility and commitment make her someone staff can depend on without question.

Alyson is caring, responsible, and consistently positive. She is fluent in Spanish, which has allowed her to communicate effectively with families and create a welcoming, inclusive environment for parents as well as children. Her ability to connect across language barriers is an invaluable strength and further reflects her dedication to serving others.

Simply put, Alyson is the kind of person you want to work with children and families. She brings energy, kindness, and professionalism to everything she does. I recommend her without hesitation and am confident she will be a tremendous asset wherever she goes. If any further information is needed, or questions about her character, or experience anything, please feel free to email or call. I would be happy to give a more in-depth answer to why I feel she is great for the job.

Sincerely,  
Lauren Hollenbeck  
Superintendent of Recreation  
Florissant Parks and Recreation.
